Legacies / Gifts in wills

WHAT WILL YOU LEAVE BEHIND?

Compared to other income streams, legacy income will continue to hold up as the current crisis continues, and into the future, partly due to the increasing awareness of gifts in Wills according to Legacy Foresight's latest analysis.

Legacy Foresight released its Legacy Market Briefing 2020 report in mid October.

The report predicts that charitable bequests will increase by almost a quarter (23%) over the next ten years, from 118,000 to 145,000. This rise is attributed to a rapidly rising death rate and the growing interest in leaving a gift in a Will.

Text giving

In the spring of 2020 and during the pandemic, over £2m raised through Donor text giving platform.

Raffles

Online raffle platform Raffolux has raised over £150,000 for charities across the UK during the pandemic.

Raffolux was launched just over a year ago by a team of young British entrepreneurs. It benefits both players and charities with 10% of the proceeds from every raffle ticket purchased donated to a charity chosen by the player from a list including Great Ormond Street Hospital, Worldwide Cancer Research, Women's Aid, and Blue Cross— which have received over £20,000 in donations so far.

Raffolux also hosts dedicated raffles for individual charities, donating between 50% and 100% of the profits, depending on whether it or the charity provides the raffle prize.

Funding sources

To help with sustainability, a fundraising plan should have a mixed portfolio of sources and different methods/techniques to tap into those
